**Title** Who's big into treats this time of year? Oh, how tempting it is to indulge! While I have bought Mackinac Fudge ice cream, have frozen some candy and three donuts from work, bought cookies & ice cream sandwiches, guess what?! I've had none of it, not even the urge to eat it. These past few days (start of day 6), I've had so much dedication that I've lost 9 pounds in 5 full days, being sensible with what I've ate, eliminating sugars & unnecessary carbs, and it has helped tremendously. Imagine all the ways the body would be rebalanced just by eliminating these!

**Body** Here is the direct number for Comfort Inn Ballston/Arlington 1-571-397-3955 I strongly recommend you guys get one or two rooms for a night or two. Arrive 5th, depart 7th will work. She says there are five of you including a husband and wife new recruits. This time of year especially you will need to be indoors to set up, etc. Really, press this home, just get somebody to put it on a credit card. Even if you tell the hotel its double occupancy, you can STILL put a couple of people on the floor with bedrolls and the hotel won't know shit. Paul said he might be able to take one or two in his room as well. I spoke to the hotel last night (actually 2 a.m. this morning) and they still had rooms. This is a good location and would allow us to hunt at night if we wanted to. I don't know if Stewie has even gotten out his call to arms but its a little friggin late. This one we are doing on our own. We will link up with the north carolina crew.

## GENERAL AFFIDAVIT

Region of Lazio  
Country of Italy

I, Prof Alfio D'Urso, Advocate/Lawyer, of Via Vittorio Emanuele, Catania, 95131 Italy, do hereby provide the following affidavit of facts as conveyed in several meetings with a high level army security services official:

Arturo D'Elia, former head of the IT Department of Leonardo SpA, has been charged by the public prosecutor of Naples for technology/data manipulation and implantation of viruses in the main computers of Leonardo SpA in December 2020. D'Elia has been deposed by the presiding judge in Naples and in sworn testimony states on 4 November 2020, under instruction and direction of US persons working from the US Embassy in Rome, undertook the operation to switch data from the US elections of 3 November 2020 from significant margin of victory for Donald Trump to Joe Biden in a number of states where Joe Biden was losing the vote totals. Defendant stated he was working in the Pescara facility of Leonardo SpA and utilized military grade cyber warfare encryption capabilities to transmit switched votes via military satellite of Fucino Tower to Frankfurt Germany. The defendant swears that the data in some cases may have been switched to represent more than total voters registered. The defendant has stated he is willing to testify to all individuals and entities involved in the switching of votes from Donald Trump to Joe Biden when he shall be in total protection for himself and his family. Defendant states he has secured in an undisclosed location the backup of the original data and data switched upon instruction to provide evidence at court in this matter.

I hereby declare and swear the above stated facts have been stated in my presence.

DATED this 6<sup>th</sup> day of January 2021 at Rome, Italy.

A handwritten signature in dark ink, appearing to read 'Alfio D'Urso', is written over a horizontal line.

Trump just declassified all the Washington scandals. He is hiding at a military base. The attack at the capitol was antifa and BLM, mostly.

This is not in any of the news or social media.

"IT'S HAPPENING!"

Military takedowns and arrests begin this wknd and will continue forward for the next 13 days/nights. Some international raids have already started. Italy has also been found complicit in our election fraud.

Everyone will be getting emergency ☐☐ alerts on their phones, tv's, radios & internet. It will override all other broadcasts and could last for several hours at a time. Do not to be scared of what's coming as it is for the safety of our nation for this to unfold.

DO NOT travel to any large cities (especially Philadelphia) for the rest of the month. Military operations will be taking place in many of the major corrupt cities. People will start rioting once this intel breaks thinking Trump is a military dictator. He only has 13 days to put this dog down.

The implementation of the Insurrection Act began after the raid on the Capitol and was marked by Trump's broadcast to the people to disband and return home. This broadcast wound up being blocked, for the most part, by the media. Nevertheless, his address fulfilled

the requirements to initiate the Act.

Marines and National Guard troops are being moved as needed for the riots that will start after the national release of the intel. The intel will be dropped for everyone to see and hear in loops that will be several hours long. The system was just checked by the FCC a few days ago alerting ALL media that they cannot block the flow of intel under federal regs.

Trump will be moved continuously like a chess piece from now until the 20th in order to avoid any retaliation against him and family. Trump had to exhaust ALL other means legally before this operation could commence. He gave everyone a fair chance to come clean and they refused.

His press release of a "smooth transition" did not include the word, "concede" as he has no plans to do so. Rather, there will be a smooth transition of power to his new cabinet, staff and Vice President, General Flynn.

The rally in DC was an awesome event  
For what it's worth

Things are moving today. Trump is at Cheyenne Mountain as we speak, looking at the evidence taken from Pelosi's laptop real-time. My sources say Pelosi was stopped at the border last night at 11:55 and will be headed to an undisclosed location pending the tribunals and trails.

Sidney Powell and Lin Wood are in front of military judges today. The 195K sealed indictments (I know there are higher numbers out there but not all are related to this op) and there will be sweeping arrests before the weekend is over.

Everyone should stock up today and be prepared to hunker down for 10-12 days while the Trump Team takes action and the new Government is put in place.

For those wondering, Pence did his duty. He did not betray Trump. Without his actions there would have been no insurrection. Now Trump has them where he wants them.

Share this. Share on twitter and other social media outlets so real Patriots stay strong and stay the course and keep faith in Pence.

The Storm is upon us.

**Body** Judge just sent this:

Trump just declassified all the Washington scandals. He is hiding at a military base. The attack at the capitol was antifa and BLM, mostly.

This is not in any of the news or social media.

BREAKING!!

This is why they are censoring everyone. They just DECLASSIFIED everything! Share it far & wide.

Here we go!

Wikileaks just dumped all of their files online. Everything from Hillary Clinton's emails, McCain's being guilty, Vegas shooting, Steve Jobs HIV letter, PedoPodesta, Afghanistan, Syria, Iran, Bilderberg, CIA agents arrested for rape, WHO pandemic. Happy Digging!

"IT'S HAPPENING!"

Military takedowns and arrests begin this wknd and will continue forward for the next 13 days/nights. Some international raids have already started. Italy has also been found complicit in our election fraud.

Everyone will be getting emergency 📢 alerts on their phones, tv's, radios & internet. It will override all other broadcasts and could last for several hours at a time. Do not to be scared of what's coming as it is for the safety of our nation for this to unfold.

DO NOT travel to any large cities (especially Philadelphia) for the rest of the month. Military operations will be taking place in many of the major corrupt cities. People will start rioting once this intel breaks thinking Trump is a military dictator. He only has 13 days to put this dog down.

The implementation of the Insurrection Act began after the raid on the Capitol and was marked by Trump's broadcast to the people to disband and return home. This broadcast wound up being blocked, for the most part, by the media. Nevertheless, his address fulfilled the requirements to initiate the Act.

Marines and National Guard troops are being moved as needed for the riots that will start after the national release of the intel. The intel will be dropped for everyone to see and hear in loops that will be several hours long. The system was just checked by the FCC a few days ago alerting ALL media that they cannot block the flow of intel under federal regs.

Trump will be moved continuously like a chess piece from now until the 20th in order to avoid any retaliation against him and family.

Trump had to exhaust ALL other means legally before this operation could commence. He gave everyone a fair chance to come clean and they refused.

His press release of a "smooth transition" did not include the word, "concede" as he has no plans to do so. Rather, there will be a smooth transition of power to his new cabinet, staff and Vice President, General Flynn.

The rally in DC was an awesome event  
For what it's worth

President Trump is asking everyone to forward this email to a minimum of 20 people, and to ask each of those to do likewise. In three days, most people in the United States will have the message. This is an idea that should be passed around, regardless of political party. The TRUMP Rules: Congressional Reform Act of 2018 1. No Tenure / No Pension. A Congressman/woman collects a salary while in office and receives no pay when they're out of office. And, no more perks go with them. 2. Congress (past, present, & future) participates in Social Security. All funds in the Congressional retirement fund move to the Social Security system immediately. All future funds flow into the Social Security system, and Congress participates with the American people. It may not be used for any other purpose. 3. Congress must purchase their own retirement plan, just as ALL Americans do. 4. Congress will no longer vote themselves a pay raise. Congressional pay will rise by the lower of CPI or 3%. 5. Congress loses their current health care system and participates in the same health care system as the American people. 6. Congress must equally abide by all laws they impose on the American people (i.e. NO MORE INSIDER TRADING!!!). 7. All contracts with past and present Congressmen/women are void. The American people did not make this contract with Congressmen/women. Congress made all these contracts by and for themselves. Serving in Congress is an honor and privilege NOT a career. The Founding Fathers envisioned citizen legislators should serve their term(s), then go home and go back to work ... not get all kinds of freebies. NO WONDER THEY'RE FIGHTING EVERYTHING HE TRIES! Pass it on!!!! Let's help TRUMP drain the swamp!! Just hold your finger down then hit forward and send it to everyone you know. Let's help trump get the country straightened out.

**Body** Sharon and I are setting up shop there. Paul has a room and is bringing someone. He will be the quick reaction force. Its going to be cold. We need a place to spend the night before minimum.

Stewie never contacted me so Sharon and I are going our way. I will probably do pre-strike on the 5th though there are things going on that day. Maybe can do some night hunting. Oathkeeper friends from North Carolina are taking commercial buses up early in the morning on the 6th and back same night. Paul will have the goodies in case things go bad and we need to get heavy. This is an older hotel with quick access to the city via Interstate 66. Sharon and I will go into town 7 a.m. or so on the 6th. Paul just passed me the latest on road closures so I will make new annotated maps subject to change. Whoever Paul brings with him, if he is fit enough, will ride in with Sharon and me. All else fails, this hotel is 3 blocks from a metro subway station so we could get out on the subway at some point, then back in for the car if we have to. Parking should be a bit of a challenge but I will figure it out for us. Trying to help Ranger Doug and his bus driver, too. Last MAGA I actually went in with a bus group so that I would know what the challenges are and how the cops handle them so that I could better advise.

**Body** Here is the direct number for Comfort Inn Ballston/Arlington 1-571-397-3955 I strongly recommend you guys get one or two rooms for a night or two. Arrive 5th, depart 7th will work. She says there are five of you including a husband and wife new recruits. This time of year especially you will need to be indoors to set up, etc. Really, press this home, just get somebody to put it on a credit card. Even if you tell the hotel its double occupancy, you can STILL put a couple of people on the floor with bedrolls and the hotel won't know shit. Paul said he might be able to take one or two in his room as well. I spoke to the hotel last night (actually 2 a.m. this morning) and they still had rooms. This is a good location and would allow us to hunt at night if we wanted to. I don't know if Stewie has even gotten out his call to arms but its a little friggin late. This one we are doing on our own. We will link up with the north carolina crew.

Let this sink in for a min!

Every American should be very afraid right now!

Now would be a good time to have a plan put in place with your family....thank you, to all those who voted for evil and communism!

BREAKING: Chinese President Xi Jinping has offered to send 250,000 'peacekeepers' to Washington DC to ensure a 'peaceful transition' to the Biden presidency amid US Capitol building riots.

250,000 is not a peacekeeping mission... That's called a calculated invasion.

**Body** Update: Sharon is home now and resting. This morning quite suddenly the gel inside her right eyeball pulled away and created an o-perculated hole in the retina which bled and left clots and pieces of debris in her eye. Emergency room was no help really but we knew an opthamologist named Dr. Weiner (pronounced WAY'-ner) who we contacted and he dropped everything and even called in a technician when Sharon told him her symptoms. He is the one who found all the problems I just articulated. Anyhow, emergency laser surgery today around 1 o'clock and he sealed the

hole in the retina preventing a larger tear and/or detachment of the retina. Basically he diagnosed it and did spot welding around the hole (49 laser shots) to seal it up and save her eyesight. She has some discomfort but said the procedure was pain free. Prospects of a good recovery. Doc says these things just happen when we get older. She is supposed to rest for a few days and the floaters which are thousands of microscopic particles of retina and blood will begin to subside. Much of the bleeding has settled lower in her eye and out of the field of vision. Still has a couple of clots in there. So grateful to the Doctor and his tech and many thanks for all the prayers from friends and family. God was looking out for her today.

"IT'S HAPPENING!"

Military takedowns and arrests begin this wknd and will continue forward for the next 13 days/nights. Some international raids have already started. Italy has also been found complicit in our election fraud.

Everyone will be getting emergency [[ alerts on their phones, tv's,

radios & internet. It will override all other broadcasts and could last for several hours at a time. Do not to be scared of what's coming as it is for the safety of our nation for this to unfold. DO NOT travel to any large cities (especially Philadelphia) for the rest of the month. Military operations will be taking place in many of the major corrupt cities. People will start rioting once this intel breaks thinking Trump is a military dictator. He only has 13 days to put this dog down.

The implementation of the Insurrection Act began after the raid on the Capitol and was marked by Trump's broadcast to the people to disband and return home. This broadcast wound up being blocked, for the most part, by the media. Nevertheless, his address fulfilled the requirements to initiate the Act.

Marines and National Guard troops are being moved as needed for the riots that will start after the national release of the intel. The intel will be dropped for everyone to see and hear in loops that will be several hours long. The system was just checked by the FCC a few days ago alerting ALL media that they cannot block the flow of intel under federal regs.

Trump will be moved continuously like a chess piece from now until the 20th in order to avoid any retaliation against him and family. Trump had to exhaust ALL other means legally before this operation could commence. He gave everyone a fair chance to come clean and they refused.

His press release of a "smooth transition" did not include the word, "concede" as he has no plans to do so. Rather, there will be a smooth transition of power to his new cabinet, staff and Vice President, General Flynn.

The rally in DC was an awesome event  
For what it's worth

**Body** Judge just sent this:

Trump just declassified all the Washington scandals. He is hiding at a military base. The attack at the capitol was antifa and BLM, mostly.

This is not in any of the news or social media.

BREAKING!!

This is why they are censoring everyone. They just DECLASSIFIED everything! Share it far & wide.

Here we go!

Wikileaks just dumped all of their files online. Everything from Hillary Clinton's emails, McCain's being guilty, Vegas shooting, Steve Jobs HIV letter, PodoPodesta, Afghanistan, Syria, Iran, Bilderberg, CIA agents arrested for rape, WHO pandemic. Happy Digging!

Here you go, please read and pass it on.....

☐☐[<https://file.wikileaks.org/file/>](<https://file.wikileaks.org/file/>)..

These are Clinton's emails: ☐☐[<https://file.wikileaks.org/file/clinton-emails/>](<https://file.wikileaks.org/file/clinton-emails/>)

Forward

"IT'S HAPPENING!"

Military takedowns and arrests begin this wknd and will continue forward for the next 13 days/nights. Some international raids have already started. Italy has also been found complicit in our election fraud.

Everyone will be getting emergency ☐☐ alerts on their phones, tv's, radios & internet. It will override all other broadcasts and could last for several hours at a time. Do not to be scared of what's coming as it is for the safety of our nation for this to unfold.

DO NOT travel to any large cities (especially Philadelphia) for the rest of the month. Military operations will be taking place in many of the major corrupt cities. People will start rioting once this intel breaks thinking Trump is a military dictator. He only has 13 days to put this dog down.

The implementation of the Insurrection Act began after the raid on the Capitol and was marked by Trump's broadcast to the people to disband and return home. This broadcast wound up being blocked, for the most part, by the media. Nevertheless, his address fulfilled the requirements to initiate the Act.

Marines and National Guard troops are being moved as needed for the riots that will start after the national release of the intel. The intel will be dropped for everyone to see and hear in loops that will be several hours long. The system was just checked by the FCC a few days ago alerting ALL media that they cannot block the flow of intel under federal regs.

Trump will be moved continuously like a chess piece from now until the 20th in order to avoid any retaliation against him and family. Trump had to exhaust ALL other means legally before this operation could commence. He gave everyone a fair chance to come clean and they refused.

His press release of a "smooth transition" did not include the word, "concede" as he has no plans to do so. Rather, there will be a smooth transition of power to his new cabinet, staff and Vice President, General Flynn.

The rally in DC was an awesome event  
For what it's worth

Thankfully, not arrested or dead. Apparently, there was one death today.

Laurie, the other NP, had her phone on live streaming Newsmax. So, we heard/saw what was going on. Knowing you were there, I was somewhat nervous. But, I never felt a "shift" and figured you were okay.

Now, I'm a little down. I'm not sure if it's the result from the GA election or if there's something more. Regardless, something just doesn't feel right ... can't put my finger on it, yet.

**Body** Judge just sent this:

Trump just declassified all the Washington scandals. He is hiding at a military base. The attack at the capitol was antifa and BLM, mostly.

This is not in any of the news or social media.

BREAKING!!

This is why they are censoring everyone. They just DECLASSIFIED everything! Share it far & wide.

Here we go!

Wikileaks just dumped all of their files online. Everything from Hillary Clinton's emails, McCain's being guilty, Vegas shooting, Steve Jobs HIV letter, PodoPodesta, Afghanistan, Syria, Iran, Bilderberg, CIA agents arrested for rape, WHO pandemic. Happy Digging!

Here you go, please read and pass it on.....

☐☐[<https://file.wikileaks.org/file/>](<https://file.wikileaks.org/file/>)..

These are Clinton's emails: ☐☐[<https://file.wikileaks.org/file/clinton-emails/>](<https://file.wikileaks.org/file/clinton-emails/>)

"IT'S HAPPENING!"

Military takedowns and arrests begin this wknd and will continue forward for the next 13 days/nights. Some international raids have already started. Italy has also been found complicit in our election fraud.

Everyone will be getting emergency ☐☐ alerts on their phones, tv's, radios & internet. It will override all other broadcasts and could last for several hours at a time. Do not to be scared of what's coming as it is for the safety of our nation for this to unfold.

DO NOT travel to any large cities (especially Philadelphia) for the

rest of the month. Military operations will be taking place in many of the major corrupt cities. People will start rioting once this intel breaks thinking Trump is a military dictator. He only has 13 days to put this dog down.

The implementation of the Insurrection Act began after the raid on the Capitol and was marked by Trump's broadcast to the people to disband and return home. This broadcast wound up being blocked, for the most part, by the media. Nevertheless, his address fulfilled the requirements to initiate the Act.

Marines and National Guard troops are being moved as needed for the riots that will start after the national release of the intel. The intel will be dropped for everyone to see and hear in loops that will be several hours long. The system was just checked by the FCC a few days ago alerting ALL media that they cannot block the flow of intel under federal regs.

Trump will be moved continuously like a chess piece from now until the 20th in order to avoid any retaliation against him and family. Trump had to exhaust ALL other means legally before this operation could commence. He gave everyone a fair chance to come clean and they refused.

His press release of a "smooth transition" did not include the word, "concede" as he has no plans to do so. Rather, there will be a smooth transition of power to his new cabinet, staff and Vice President, General Flynn.

The rally in DC was an awesome event  
For what it's worth

**Body** Ok.

Hey, I've been thinking. Why do these guys need any help?

We are all Marines, not counting the army guy, who if hanging with the Jarheads is probably sharp, and have had the same or similar training. Some of the surely have combat experience right?

I was 0311/0351 and saw combat twice, gulf war and sw Asia cease fire.

I was a 52d10 in the guard, otherwise known as a power generation equipment mechanic.

We were a raid company, and I went to boat repair schools in Sacramento and in house at Pendleton, and navy coxswain training in San Diego.

So again, if you and I know how to and can organize, equip, practice and prepare, why haven't these guys? Almost sounds like a nursemaid job.

I'm just curious brother.

I'll still call dude, see what he needs from me and offer whatever assistance I can because I said I would.

But for the record, something just doesn't seem right about it.

**Body** Dear Donovan,

I'm a writer at The New Yorker. We are preparing to publish a story that discusses the Ohio State Regular Militia and the Oathkeepers, your affiliation with those groups, and your participation in last week's demonstrations at the United States Capitol. I welcome any input you wish to provide to ensure we are being accurate and I'd be grateful to talk to you to learn more about what brought you to the demonstration and what your motivations were for participating in it.

Please let me know the best way to contact you for a phone call.

Thank you very much.

Read this guys.

This is how it will end. From Jenna Ellis...

"Today, the electoral college votes will be sealed and sent by special carrier to Washington where they will remain sealed until January 6th when the House and Senate will come into a joint session to open the votes. The media is going to make you believe that it's all over and Joe Biden is now officially president...

On January 6th, Nancy Pelosi will sit down with the rest of the House members as she has no special power or authority over the hearing... Vice President Mike Pence will have all the authority as president of the Senate for that day and will accept or reject motions to decide the next steps by the assembly.

Remember... Mike Pence is in full authority that day as written in the Constitution. The ballots will be certified today but that means nothing...

The votes will be opened and at that point one House member could, and most likely will, raise their hand to object to the Vice President on the state of elector's votes. That objection could cover fraud or any other reason, and with the seconding of that objection everything changes. Everything!!

The House and Senate will divide for two hours (at least) to debate, then vote. The vote will be per Senator with the Vice President being the deciding vote if needed in the Senate, while the vote in the House will be only be ONE vote per delegation, per state, not per House member!!! The Republicans have 30 delegation votes compared to the Democrats 20 delegation votes.

If this scenario runs true, President Trump gets re-elected.

The Democrats, the media, social networks and globalists around the world will come unhinged and chaos will erupt. Bigly.

President Trump is trying to do the right thing and go through the courts first, expose all the fraud, but we all knew that none of the courts, even the Supreme Court wanted to touch this issue with a 10-ft pole!

This is why our forefathers were so brilliant because they knew something like this could happen someday. So, don't listen to the media and all their deception and lies. All you have to do is read the Constitution and you know that the law, policies and procedures in the end are on our side.

If you think this is over & Biden truly won, Buckle up and enjoy the ride! " ☐☐☐☐☐☐☐☐☐☐

Praying this is how it all goes down....we shall see ☐☐

**Sent** 2020-12-21 01:43:46 UTC**Body** Governor Mike Huckabee has asked that we share this from Newt Gingrich:

"I've been active in this since 1958; that's 62 years. I'm the angriest I have been in that entire six decades. You have a group of corrupt people who have absolute contempt for the American people, who believe that we're so spineless, so cowardly, so unwilling to stand up for ourselves that they can steal the presidency, and we'll wring our hands, bring in a few lawyers, and do nothing.

"My hope is that President Trump will lead the millions of Americans who understand exactly what's going on: [that] the Philadelphia machine is corrupt, that the Atlanta machine is corrupt, the machine in Detroit is corrupt, and they're trying to steal the presidency, and we should not allow them to do that.

"First of all, we should lock up the people who are breaking the law. You stop someone from being an observer -- you just broke federal law. You hide and put up paper so nobody can see what you're doing -- you just broke federal law. You bring in ballots that aren't real -- you just broke federal law.

"I am sick and tired of corrupt left-wing Democrats who believe that we are too timid and too easy to intimidate, and therefore they'll just go out and steal it...You are watching an effort to steal the presidency of the United States, and this is not about Donald Trump. This is about the American people, [who] have the right, in an honest election, with honest, legitimate ballots, to pick their leader. Or are we now just sheep, to be dominated by the high-tech businesses, the news media, and the various political machines?...This is a crisis in the American system, comparable to Washington on Christmas Eve or...Lincoln at Gettysburg. This is a genuine, deep crisis of our survival."

Gingrich said that in any precinct in which Republicans were not able to observe, the votes should be taken back -- "strip those votes out, do not count them, because they're by definition corrupt."

**Stalin once ripped all the feathers off a live chicken as a lesson to his followers. He then set the chicken on the floor a short distance away. The chicken was bloodied and suffering immensely, yet, when Stalin began to toss some bits of wheat toward the chicken it followed him around. He said to his followers "This is how easy it is to govern stupid people, they will follow you no matter how much pain you cause them, as long as you throw them a little worthless treat once in a while"**

# Let's read line 17 out together

Behind your little \$600 check....

1. \$300,000,000 for Migrant and Refugee Assistance pg.. 147
  2. \$10,000 per person for student loan bailout
  3. \$100,000,000 to NASA, because, who knows why.
  4. \$20,000,000,000 to the USPS, because why not
  5. \$300,000,000 to the Endowment for the Arts - because of it
  6. \$300,000,000 for the Endowment for the Humanities/ because no one even knew that was a thing
  7. \$15,000,000 for Veterans Employment Training / for when the GI Bill isn't enough
  8. \$435,000,000 for mental health support
  9. \$30,000,000,000 for the Department of Education stabilization fund/ because that will keep people employed (all those zeros can be confusing, that's \$30 BILLION)
  10. \$200,000,000 to Safe Schools Emergency Response to Violence Program
  11. \$300,000,000 to Public Broadcasting / NPR has to be bought by the Democrats
  12. \$500,000,000 to Museums and Libraries / Who knows how we are going to use it
  13. \$720,000,000 to Social Security Admin / but get this only 200,000,000 is to help people. The rest is for admin costs
  14. \$25,000,000 for Cleaning supplies for the Capitol Building / I kid you not it's on page 136
  15. \$7,500,000 to the Smithsonian for additional salaries

  24. \$9,000,000 Misc. Senate Expenses pg. 134
  25. \$100,000,000 to Essential Air carriers pg. 162. This of note because the Airlines are going to need billions in loans to keep them afloat (\$100,000,000 is chump change.)
  26. \$40,000,000,000 goes to the Take Responsibility to Workers and Families Act This sounds like it's direct payments for workers pg. 164
  27. \$1,000,000,000 Airlines Recycle and Save Program pg. 163
  28. \$25,000,000 to the FAA for administrative costs pg. 165

  30. \$526,000,000 Grants to Amtrak to remain available if needed through 2021 pg. 168 (what are the odds that doesn't go unused) Hidden on page 174 the Secretary has 7 days to allocate the funds & notify Congress

[#NashvilleBombing #2020Election](#)

AT&T got a contract to do forensic audit on Dominion voting machines and those machines were being moved to Nashville this past week.

The former owner of the AT&T building in Nashville, William Kennard, is a board member for Cerberus Capital Management and AT&T.... He also was Bill Clinton's FCC chair, and Obama's Ambassador to the EU.

Dominion voting is owned by Cerberus Capital Management.... Cerberus is run by Staple Street Execs. Joe Bidens Brother in Law, Steven Owens, is the cofounder of Staple Street Execs along with William Kennard (mentioned above).

Super Computer in TN was connected to the AT&T internet in NASHVILLE.... yesterday evening the Cumberland river cooling system was compromised due to internet outage and Supercomputer fried.....

If you don't know, "Kraken" is a reference to a supercomputer former prosecutor, Sidney Powell, has been talking about.

So, the explosion "just happened" to be at the AT&T location where they "just so happen" to control the cooling system for the super computer and house the dominion voting machines and drives for forensic audit...

Does it make sense now why no lives were lost? Does it make sense now why the FBI task lead couldn't even put together a coherent sentence in the press conference yesterday? Does it make sense why the mayor was making light of the situation, almost laughing yesterday?

**Body** Judge just sent this:

Trump just declassified all the Washington scandals. He is hiding at a military base. The attack at the capitol was antifa and BLM, mostly.

This is not in any of the news or social media.

BREAKING!!

This is why they are censoring everyone. They just DECLASSIFIED everything! Share it far & wide.

Here we go!

Wikileaks just dumped all of their files online. Everything from Hillary Clinton's emails, McCain's being guilty, Vegas shooting, Steve Jobs HIV letter, PedoPodesta, Afghanistan, Syria, Iran, Bilderberg, CIA agents arrested for rape, WHO pandemic. Happy Digging!

Here you go, please read and pass it on.....

☐☐[<https://file.wikileaks.org/file/>](<https://file.wikileaks.org/file/>)..

These are Clinton's emails: ☐☐[<https://file.wikileaks.org/file/clinton-emails/>](<https://file.wikileaks.org/file/clinton-emails/>)

Forward

"IT'S HAPPENING!"

Military takedowns and arrests begin this wknd and will continue forward for the next 13 days/nights. Some international raids have already started. Italy has also been found complicit in our election fraud.

Everyone will be getting emergency ☐☐ alerts on their phones, tv's,

radios & internet. It will override all other broadcasts and could last for several hours at a time. Do not to be scared of what's coming as it is for the safety of our nation for this to unfold. DO NOT travel to any large cities (especially Philadelphia) for the rest of the month. Military operations will be taking place in many of the major corrupt cities. People will start rioting once this intel breaks thinking Trump is a military dictator. He only has 13 days to put this dog down.

The implementation of the Insurrection Act began after the raid on the Capitol and was marked by Trump's broadcast to the people to disband and return home. This broadcast wound up being blocked, for the most part, by the media. Nevertheless, his address fulfilled the requirements to initiate the Act.

Marines and National Guard troops are being moved as needed for the riots that will start after the national release of the intel. The intel will be dropped for everyone to see and hear in loops that will be several hours long. The system was just checked by the FCC a few days ago alerting ALL media that they cannot block the flow of intel under federal regs.

Trump will be moved continuously like a chess piece from now until the 20th in order to avoid any retaliation against him and family. Trump had to exhaust ALL other means legally before this operation could commence. He gave everyone a fair chance to come clean and they refused.

His press release of a "smooth transition" did not include the word, "concede" as he has no plans to do so. Rather, there will be a smooth transition of power to his new cabinet, staff and Vice President, General Flynn.

The rally in DC was an awesome event  
For what it's worth

Have you ever been to the capital? It's halls are open to the public. Many who entered, entered legally, walked through to the Rotunda, then returned outside. It were those who went into areas not open to the public that were in the wrong.

This was my argument on Facebook to people who claimed that everyone who entered the capital had did it illegally.
